Den Haague

The Walker Brothers

Its
Raining
In the back seat
Of my Cadillac
Dollys
Sitting in
The white wet
Someone
Hung a coat
On a statue
Of Christ
And I called
For a drink
And a vet
Den haague
Den haague
You
Scare me good
Den haague
Den haague
You scare me
We were taken
From behind
By
Some flesh jabs
Two liters
Really make you
Move
Look out for
The muff king
With a
Big black whopper
In a
Two way
Mirror mood
Den haague
Den haague
You
Scare me good

Den haague
Den haague
You scare me
Some other time
Some other where
Baby
You might care
Some other time
Some other where
Baby
You might dare
Den haague
Den haague
You
Scare me good
Den haague
Den haague
You scare me
