

Small Town

[Aaron Espe](#)

I like small towns,
The nights are quiet,
No interstate highway
Screaming in the starlight
Every store clerk says,
â€œNo credit cards friend
But thereâ€™s an ATM
In the Ben Franklin.â€•

Small Town.

I grew up without a television
The only thing that we did
Was play with the neighbor kids
Some of us still havenâ€™t seen the ocean
We donâ€™t care a notion
About all the commotion
We got a small town.

Hmmm hmm hmm hmmmâ€!.

Small Town,
Small Town.

My dad said, â€œKids,
Listen to your mother,
Treat her like you love her,
Look out for each other.
Some day soon when you have a family,
You will know what I mean,
You will know what I mean.â€•

Small Town.
Small Town.
Small Town.
