

Can't Get My Heart Around That

[Julie C Myers](#)

I see the look that she's giving you
I can feel us slippin' away
And I can tell you're diggin' her too
I know that smile I saw on your faceChorus:
The eyes don't lie
The truth is just a matter of fact
I'm smart enough to know
When it's over there's no havin' it back
But I Can't Get My Heart Around ThatBaby slow down
Give it some time
I'm not ready yet to let you go
I'm just a fool for not movin' on
When I can see the end of the roadChorus
