

# To Get By

## Empress Of

Got to get high  
To get by  
Without you  
Got to get high  
To get by  
Without you  
Falling in love  
With the same old trap  
I'm drifting away!  
Drifting into  
Got to get high  
To get by  
Without you  
Got to say  
Say to myself  
Self wake up  
Got to say  
Say to myself  
Self wake up  
Falling apart  
With a broken heart  
I'm drifting away  
Drifting into  
Got to get high  
To get by  
Without you  
Got to get high  
To get by  
Without you  
Got to get high  
To get by  
Without you  
Got to get high  
To get by  
Without you  
Got to get high  
To get by  
Without you  
Got to get high

To get by  
Without you
