## Culture

ai ai ai ai...  
ai ai ai ai...  
come on now brothers n siss  
run a come come hear what i have this day  
listen and i will tell you  
brother what's the talk of di town today  
for in every corner, that you will walk  
you will see a group of people talk  
they arenot skylocking, they are only talking about Ithiopia

some say they want to leave  
the rest of the world and forward to Africa  
some talk about Ithiopia and while the others Liberia  
but nomatter where, the most high do not care  
i know i must be there to get i share  
...those riches and delicious dishes  
hoping Ithiopia

sing triumphant song let me hear you  
ai ai ai ai ee ee ai ai ai ai ai ai ai ai  
[one] ai ai ai ai ai ai ai ai[jah in i and i]  
ai ai ai ai ai ai  
[children of israel say]  
[uyeee yeee]

and what a glorious morning brother when we land on ithiopian shore  
our sorrow would all be over and the jah people will read no more

it is a land of liberty, where milk, honey and wine awaiting us  
with my sickness, i and i will be a weakness  
hoping ithiopia  
you could take away the world and its vanity  
rastaman nah care or think about that  
just take i forward to ithiopia

but if you lazy, you will sure die  
for there you cannot tief nor tell Jah no lie  
it takes the heavier just to be a saviour  
hoping ithiopia

shout triumphant song let me hear you

ai ai ai ai ee ee ai ai ai ai ai ai ai ai
