

# Condescension

## The Prototype

Complications, I get what you need  
I said degradation, could you slip to your knees?  
Stop the game, stop the game  
That's all we did, that's all we said  
Could you know that we never show the  
Don't bother sending your condescension  
If it's easier to keep pretending  
Isolations, I stick to the scene  
I said deviation's not as fun as it seems  
Not the same, not the same  
That's all you said, that's all you did  
Could you know that we never go for  
Isolations, I stick to the scene  
I said deviation's not as fun as it seems  
Not the same, not the same  
That's all you said, that's all you did  
Could you know that we never go for  
Don't bother sending your condescension  
If it's easier to keep pretending  
It's not that complicated  
We're not that deviated  
It's not that complicated  
Don't bother sending your condescension  
If it's easier to keep pretending
