Never Let You Go

Karl Wolf

yesterday a friend told me that he saw you
started get on excited
she explained that you were stopping through the neighborhood
but you were hugged ..some other dude
my heart stopped for a minute but i play the cool
i should let me get the best of you
now i?m standing here feeling like a fool
because another man is got my girl
never never should i let you slept on the crax
girl i want you back girl
and i can?t get you of my mind
i wish you were here right by my side
i want you, i need you girl
i can?t say my life without you babe
i want you, i miss you girl
i won?t let no one take you from me babe
don?t call ..i belong

i don?t know where we?re from
i?ll through with my own ways
i thought you were here to stay
i should have never never never let you go
never never never let you go
never never never let you go
never never never let you go
i wish wish upon the star
there you are stand in front of me
the ebst of reality cause if you were in front of me say i?m sorry
i?d say i?ll let the girls go
i love you more than you?ll ever know
you mean the world to em so why can?t you stay girl
never never should i let you slept on the crax
girl i want you back girl
and i can?t get you of my mind
i wish you were here right by my side
i want you, i need you girl
