Why Don't You Love Me

Tailor

It started out as a feeling a burning in my heart
It punctured like a dart
at a 100 miles an hour
And every time I saw you
it burned like hell
oh but I had to treat you well even though I didnâ€™t mean it,
why donâ€™t you love me?

Feeling of emotion keeps tracking me down
oh but I had to win you over I had to hold your heart now
Donâ€™t think of getting closer
I put a guard to my heart
If you donâ€™t love me now

Iâ€™l push you out of this car

2xWhy donâ€™t you love?
Cause you never touch my face and you never really race after my heart
Why, why donâ€™t you love me?
Cause you never kiss my lips the way you used to baby.
