If It Ends Today

Gus G.

Seems like the end is coming, Seems like the signs are lining up
As far as i can see, We're closer than ever

This pain won't last forever, Love love is on his way
So stand up the time is now to lift your head

Raise you're hands if you're with me, Raise you're hands if you're ready
Say hey! hey! I'm not afraid, Hey! hey! If it ends today
There's hope on our horizon, Let it be the sound that's rising up

It's rising up, We could be the generation
To shout out to every nation, Love love is on its way
Get ready, are you ready? (I'm ready) get ready

Raise you're hands if you're with me, Raise you're hands come on and say
Hey! hey! I'm not afraid, Hey! hey! if it ends today
