

# Cornerstone

## Benjamin ClÃ©mentine

All other ground is sinking sand  
A dying maze of desert land  
Where darkness rules the heart of man  
Till the sun shines light on him  
Lord of all, show You're strong  
On our knees we fall  
Be a Cornerstone, be a Cornerstone  
Be the Rock higher than I  
Be my Fortress Wall  
Be a Foundation for all  
My Cornerstone  
The building swaying in the wind  
The towers crumble down again  
This certainly will be the end  
If they're not built on Him  
Lord of all, show you're strong  
On our knees we fall  
Be a Cornerstone, be a Cornerstone  
Be the Rock higher than I  
Be my Fortress Wall  
Be a Foundation for all  
My Cornerstone  
You, You are the Builder of my heart  
You held me together from the start  
Be a Cornerstone, be a Cornerstone  
Be the Rock higher than I  
Be my Fortress Wall  
Be a Foundation for all  
My Cornerstone  
Be a Cornerstone, be a Cornerstone  
Be the Rock higher than I  
Be my Fortress Wall  
Be a Foundation for all  
My Cornerstone
