

# Call a Marine

## Toby Keith

I was sittin' in a bar, boozin' and losin'  
And some jackoff walks up cruisin' for a bruisin'  
Poppin' off and makin' my whole redneck red  
He asked my girl if she'd like to dance  
He had three buddies so I had no chance  
I looked around the room for a friend and I saw Fred  
A quick evaluation of the situation  
And we entered into a conversation  
It seemed to last the better part of the next two songs  
Now I didn't say and they didn't ask  
But Fred did two tours over in Iraq  
And, son, it was over before it was even on. Call a Marine  
Instead of 911  
They're built to improvise, adapt and overcome  
When you're in knee deep and you're up shit's creek  
And you've tried everything  
Tell you what you do  
Call a Marine! Now my sister's husband didn't love her no more  
And he runned off with a skinny little whore  
And left her sittin' around the house with a couple of kids  
She just lays around in that muumuu gown  
Old girl put on about 35 pounds  
One day I went over to her house and I said, "Hey, sis"  
If you wanna fix what troubles you  
Just ease down to the VFW  
And you'll walk through the door and turns those boys' heads  
For most of those boys it's been awhile  
Just show a little leg and that Marlboro smile  
And if that don't work out for you, girl, ask for Fred. Call a Marine  
Instead of 911  
They're built to improvise, adapt and overcome  
If you're in knee deep and you're up shit's creek  
You've tried everything  
Tell you what you do  
Call a Marine! Some douche bag rises up and overthrows his government  
Diplomacy ain't workin' and the ammos all been spent  
The world is in a crisis and the media's a curse  
I'll tell you what to do  
When it goes from bad to worse Call a Marine

Instead of 911  
They're built to improvise, adapt and overcome  
When you're in knee deep and you're up shit's creek  
And you've tried everything  
Tell you what you do  
Call a Marine! Tell you what to do, baby  
You can call  
Call a Marine!  
Yeah! Yeah!
