Shorty

The Get Up Kids

It's certainly true, there's better things to do
And though I don't know everything
I wouldn't tell you anything, if I didThe last time I saw you act like this
We were kids
The last time I saw you act like this
We were kidsWhat am I to do?
My heart goes out to you
Though I don't know everything
I wouldn't tell you anything, if I didOver reacting, over again
Just between friendsWhat am I to do?
I won't come between you two
I gave it, I gave it all, all I could
And all I couldOver reacting, over again
Just between friends
I bet you, you'll never find, no
Another friend like me
