

How Long

Hinder

Advisory - the following lyrics contain explicit language:

Why'd you go and break what's already broken?
I try to take a breath but I'm already choking
How long till this goes away? I try to remember to forget you
But I break down every time I do
It's left me less than zero
Beat down and bruised I can't see him with you Why'd you go and break what's already broken?
I try to take a breath but I'm already choking
'Cause everywhere I look, I can see how you hold him
How long till this goes away? I can't seem to get my heart over you
'Cause you creep into everything I do
And now I'm dyin' to know
How he touches you I can't see him with you Why'd you go and break what's already broken?
I try to take a breath but I'm already choking
'Cause everywhere I look, I can see how you hold him
How long till this goes away? How long till this goes away? She said, she wants to be friends
I took a big step back
She said, she said, she said, she's sorry
With one finger I said, fuck that I can tell you're lyin' when your lips move
'Cause of one lie it's not me it's you
It's left me less than zero
Beat down and bruised I can't see him with you Why'd you go and break what's already broken?
I try to take a breath but I'm already choking
'Cause everywhere I look, I can see how you hold him
How long till this goes away? Why'd you go and break what's already broken?
I try to take a breath but I'm already choking
'Cause everywhere I look, I can see how you hold him
How long till this goes away? How long till this goes away? She said she wants to be friends
I took a big step back
She said, she said, she said, she's sorry
With one finger, with one finger, I said, "Fuck that"
