

# Waitress in the Sky

## The Replacements

She don't wear no pants and she don't wear no tie  
Always on the ball, she's always on strike  
Struttin' up the aisle, big deal, you get to fly  
You ain't nothin' but a waitress in the sky  
You ain't nothin' but a waitress in the sky

Paid my fare, don't want to complain  
You get to me, you're always outta champagne  
Treat me like a bum, don't wear no tie  
'cause you ain't nothin' but a waitress in the sky  
You ain't nothin' but a waitress in the sky

And the sign says, "Thank you very much for not smoking"  
My own sign says, "I'm sorry, I'm smokin'"  
Don't treat me special, don't kiss my ass  
Treat me like the way they treat 'em up in first class

Sanitation expert and a maintenance engineer  
Garbage man, a janitor and you my dear  
A real union flight attendant, my oh my  
You ain't nothin' but a waitress in the sky  
You ain't nothin' but a waitress in the sky  
You ain't nothin' but a waitress in the sky
