

Paper Dolls

Kill Hannah

Jealousy, is standing on the edge
Seems like, a million years ago
Says she just wants to touch the heavens
Says shes coming down?
Four, three, two, one, zero
Paper dolls
Will find you when your lost and so alone
Paper dolls
Your tortured, but it makes you beautiful
Paper dolls
Is quiet now, but wait till we explode
Jealousy, is driving towards the edge
Faster than we've ever been before
?Tonight? she said, ?we?ll dance among the angels?
So start the countdown?

Four, three, two, one, zero
Paper dolls
Will find you when your lost and so alone
Paper dolls
Your tortured, but it makes you beautiful
Paper dolls
Is quiet now, but wait till we explode
For all the paper dolls
For all the paper dolls
For all the paper dolls
For all the paper dolls
For all the paper dolls
Oh, ohhh
