Turn Da Music Up (Beats 'R' Us Mix)

2 Brothers On the 4th Floor

Here it is:
Bang! Another dope jam!
Get up of your bud and start to dance
Come on do your stuff don't hazetate
You will find the answer you will have the key
Change your own direction control your destiny
Turn da music up, turn da music up
You can turn it up yeah
This is the one you been waiting for,
The Baron MC hitting once more
With a comeback dope lyrics on the hype track,
When you don't play the back of the wax.
Bass for your face,
And the hyhats make's it super bad.
On the floor we got the party going
On and on and on to the break of dawn
Over and over again,
We'll be the ones to make you dance
Bust the move go crazy to this
This is the one you just can't miss
Feel the bassline heavy pumping
Watch the party jumping.
But for now you just can't stop
Yo DJ, turn da music up.
Turn da music up, turn da music up
You can turn it up yeah
2 Brothers kicking it once again,
Here it is bang another dope jam.
I turn da music up and get busy,
Before you know it you get played like a grizzly.
We walk in and house the joint,
I'm your man to prove the point
Were all in this, together
So lets work and make this world better.
Mind your own, do your own be your own,
Yo, fact is show.
Respect yourself like you do others
The way it had to be work my brother.
Find the time, lock your mind

Just enjoy and listen to the good rhyme,
But for now you just don't stop
Yo DJ turn the music up.
Turn da music up, turn da music up
You can turn it up yeah
Da Baron MC on the smooth tip
Yo, drop your beer get hip
We got the groove to make you move
Were hype and I like it smooth.
Play this groove everywhere
Loud like you just don't care
Well this hard jam will make your mama proud
5000 Gee, we out...
