

Stay

Armin Van Buuren

Guess its true
What will life be
Will I stay
Whether I will get away
Im scared but
I wont find a thing
I am afraid that I'll turn out to be alone
But I
I have to lose
Have to try
Mmn mmn
Have to trust I have to cry
Have to see
Have to know
That I can be myself
See a load trip
To a knowones right
Thought I knew but it turns out the other way
I am scared but I wont find a thing
I am afraid that I'll turn out to be alone
But I

I have to lose
I have to try
Have to trust
I have to cry
I have to see
Have to know
That I can be myself
And if I could
I would stay
Livin or not running away
I will stare in the distance
But I grow up to be just like you
Hey
Grow up to be just like you
I wanna tell you
Why (why would I try to)
You (you are all that I can see now)

Why would I try to
I wanna tell you
Why would I try to
You are all that I can see now
Why would I try to
