

Through

Gaither Vocal Band

When I saw what lay before me,
"Lord," I cried, "What will You do?"
I thought He would just remove it,
But He gently led me through;

'Cuase without fire there's no refining,
Without pain no relief.
Without flood there's no rescue,
Without testing no belief.

Through the fire, through the blood,
Through the water, through the flood,
Though the dry and barren places,
Through life's dence and maddening mazes.
Through the pain and through the glory,
We will always tell the story
Of our God, Whose power and mercy
Will not fail, to take us through.
