

Show Me (cherry Baby)

Inxs

Show me, show me
Show me how
Show me, show me
Show me how
Oh, cherry
Oh, cherry baby
Oh, cherry
Oh, cherry baby
Oh, cherry
Oh, cherry baby
Oh, cherry
Oh, cherry
I found you wanting
Like everyone
Always trying
Happy lying
'Cause I'm no stranger
To the ways of the world
I felt like crying
I felt like dying
We took a coffee
You took it so strong
Shaded from the neon
I could still see your eyes
Oh, cherry
Oh, cherry baby
Oh, cherry
Oh, cherry baby
Oh, cherry
Oh, cherry baby
Oh, cherry
Oh, cherry baby
Found in the gutter
With a knife in her back
Letter said, "Sorry
Please don't worry"
She had a lover
With danger in his eyes
I tried to tell her

But she had the wildest heart

Show me, show me

Show me how

Show me, show me

Show me how

Oh, cherry

Oh, cherry baby

Oh, cherry

Oh, cherry baby

Oh, cherry

Oh, cherry baby

Oh, cherry

Show me, show me

Show me how

Show me, show me

Show me how

Show me, show me

Show me how

Show me, show me

Show me how
