

Benjamins (TEK.LUN Remix)

Cviro & GXNXVS

I got nothing left that's holdin' me back no more.
Just tryna feel free, but the feeling's too deep.
Can't really shake it myself.

Now whatcha wanna do?
Y'all wanna be ballas, shot-callers, brawlers?
When you dippin' in the Benz with the spoilers?
Oh, ay, ayy

I said 3 course meal:
Hate, denial, then tears.
But still,
Everything's real when it's real.
Everything's real when it's real.

Tryin' not to think if you.
Only got me missing you more. (more and more)
And the loneliness ain't no cure.
Though I was over you, but no, no, no.

It's not about love, it's not about trust.
It's all about benjamins, benjamins.
It's not about love, it's not about trust.
It's all about... benjamins.

-tears, even frozen. (even frozen.)
And my love it's just floating away.
Drown in these tears, even frozen.
And my love it's just floating away.

It's not about love, it's not about trust.
It's all about benjamins, benjamins.
It's not about love, it's not about trust.
It's all about... benjamins, benjamins.
It's not about love, it's not about trust.
It's all about benjamins, benjamins.
It's not about love, it's not about trust.
It's all about...

...

-tears, even frozen.
And my love it's just floating away.
Drown in these tears, even frozen.
And my love it's just floating away.

I got nothing left that's holdin' me back no more.
Just tryna feel free, but the feeling's too deep.
