

# His Majesty the Desert

## Down

I try when there is no such thing  
And hide rejecting, rejecting Reaching for a handful  
(Yet still the pain goes on)  
Reaching for a handful  
(Yet still the pain goes on) Reaching for a handful  
(Yet still the pain goes on)  
Reaching for a handful  
(Yet still the pain goes on) Countdown, countdown, countdown From the inside looking out  
And building and building and building  
And building and building and building
