Star

All of the boys and the girls at the party
And I'm the only one alone
So I crossed the dance floor
Heading for the back door
Ready to make my way home
But wait a minute what's this I see
J-lo glow and legs to spare
Something you got put it on me
Guess I ain't going anywhere[Chorus:]
I don't know what it is
But it's shining like a star
So come on over
And show me who you are
A little closer I can't touch it from afar
Just you and me girl
Dirty dancing in the dark
And oh..Well we could talk a little
Laugh a while and maybe
Talk a little more
But let's sidestep the usual bullshit
Make our way onto the floor
Baby there's something bright about you
Youe eyes, your smile, youe style of dress
You make me feel like I'm a sinner
And now I'm ready to confess[Chorus]And oh if you let me touch your body
Girl I'll let you put it on me
I can make you feel so good, so good..And oh if you let me touch your body
Girl I'll let you put it on me
And I really wish you would, you wouldSo everybody, everybody
Nice and slow now
With the flow now[repeat x3]So everybody, everybody
Nice and slow now[Chorus]Uh oh
