

# Chillin' Tonight

Lil' Kim

Yeah  
I'm chillin with my nigga tonight  
I'm chillin with my nigga tonight  
Yeah  
I'm chillin with my nigga tonight  
My girls going out tonight (Yeah)  
And I'm a fall back tonight  
Me and my man gettin it in tonight  
Yeah we gon get it in tonight  
We going smoke something drink something toss something  
So he can beat the pussy up like he stole somethin  
Get it popin all night till 4 somthing and then we right back at it round 6 something  
It's suppose to be girls night out so you know he got my girlfriends cursing me out  
Saying that I'm wiped and he turning me out no need for the gym cause he workin me out  
For me he got a huge appetite lick my ice cream like it taste delight the bond between us is tight  
I heard Juva they poppin tonight (But!)  
I ain't going to the club or hangin with my girls  
I'm chillin with ma nigga tonight  
R.Kelly got a show but I can't go  
I'm chillin with ma nigga tonight  
Victoria Secret lingerie on layin up with my nigga tonight  
When we about to get it on so turn off the phone it's all about my man tonight  
Yeah  
Tonight it's just me and my boo  
Candle light dinner sippin some wine too  
Lingerie see through you know how I do  
Playing slow jams just to set the mood  
Some Marvin Gaye, Luther Vandross, a little Anita  
In the bed laughin at Marvin and Gina  
All eyes on us like Brad and Angelina no can come between us (Nope)  
The things he do gives me the chills  
like writin down I love you in 100 dollar bills  
  
He don't even think about playin a feild  
he in extacy without taking the pill  
He treats me like a queen I love the way he abores me  
Makin love in the Ferrari he just bought me  
Playing Playstation, Fight night  
I heard sterio popin tonight (But!)

I ain't going to the club or hangin with my girls  
I'm chillin with ma nigga tonight  
R.Kelly got a show but I can't go  
I'm chillin with my nigga tonight  
Victoria Secret lingerie on layin up with my nigga tonight  
When we about to get it on so turn off the phone it's all about my man tonight  
Form the bed to the kitchen to the living room couch  
We done blessed every room in this New York penthouse  
Miami estate house by the lake  
we ain't watchin pornos we watchin our own sex tape  
I caught a kenny all over his jimmy  
so when he stick it in me he dunk off the kimmy  
I make a nigga bust faster then a semy  
cause Kimmy with kenny the rock harder then a penny  
Full body massage, champaign, bubble bath  
Then we make love on a bed made of cash  
He can't get enough he always ready to smash  
He loves how I'm shaped just like an hour glass  
His niggas tight Cause he chillin with his wife  
But they don't come his love of his life  
We in the crib havin a pillow fight I heard Lodi's popin it off tonight (But!)  
I ain't going to the club or hangin with my girls  
I'm chillin with ma nigga tonight  
R.Kelly got a show but I can't go  
I'm chillin with ma nigga tonight  
Victoria Secret lingerie on layin up with ma nigga tonight  
When we about to get it on so turn off the phone it's all about my man tonight
