

# Knowhere

## redhanded.

Slow voices speakin' through a hurricane  
Said that I wanted but I lied  
You're looking good, hey man, I can't complain  
Ghost on the road at nightSeen him out walking he's just skin and bones  
I don't see nothin' in her eyes  
Some call it Hell, felt like a home from home  
I'm dreaming different skiesI don't know where I, I don't know what I  
Supposed to do now, get it on all night  
I don't know where I, I don't know what I  
It seemed to me boy that you're doing all right  
I don't know where I, I don't know what I  
Long way to go now, keep it all inside36 hours but my mind is fresh  
Live for the moment then I'm gone  
Suck on that sympathy and feel the rush  
Go on my blue eyed sonI don't know where I, I don't know what I  
Supposed to do now, get it on all night  
I don't know where I, I don't know what I  
It seemed to me boy that you're doing all right  
I don't know where I, I tell you would I  
Long way to go now, keep it all insideI don't know where I, I don't know what I  
Supposed to do now, get it on all night  
I don't know where I, I don't know what I  
It seemed to me boy that you're doing all right  
Don't know where I, don't know what I  
Long way to go now, keep it all inside
