Not Impressed (feat. Nitty Scott)

Julie Anne San Jose

Verse 1
You want attention, hey!
Want my eyes on you
Wanna be mentioned, hey!
Standing in my spotlight
Fading from my lovePre-Chorus
But I
I don't quench thirsty eyes
I don't date desperate guys
You're stepping on my line
You can move nowChorus
I'm not impressed
Yeah, you're working hard
But you need to stop right there
I'm not impressed
I can feel you want what I got
But I don't care
You're in danger of a no stranger
You're in danger of a no stranger
You're in danger of a no stranger
You're in danger of a no strangerVerse 2
You're a liar
I'mma keep it to myself
But your time's up
Whisper something else in somebody else's earPre-Chorus
'Cause I
I don't quench thirsty eyes
I don't date desperate guys
You're stepping on my line
You can move nowChorus
I'm not impressed
Yeah, you're working hard
But you need to stop right there
I'm not impressed
I can feel you want what I got
But I don't care
You're in danger of a no stranger
You're in danger of a no stranger
You're in danger of a no stranger

You're in danger of a no strangerRap (Nitty Scott MC)
Oh, you're goin' incognito
I'mma cancel you like nino
Stay sippin' on my energy
Just to elevate your ego
My disposition on fleek though
Sweet baby Jesus on a manger
I know his man ain't 'bout to trade
His cellphone for no pager
I'm major and I don't need your paper
Stay high and I don't need your vapor
Stay fly so don't do me favors
Got the flavor that you still taste later
Oh!
I shut him down just to make it clear
And when I'm done you gon' remember
San Jose was hereChorus
I'm not impressed
Yeah, you're working hard
Hard, hard, hard
I'm not impressed
I can feel you want what I got
But I don't care
You're in danger of a no stranger
You're in danger of a no stranger
You're in danger of a no stranger
You're in danger of a no stranger
