Kyle Coglitore

(verse 1)
flex on em when i talk fast
spit game to that muff bag
kyle cogs bout that parmesan
if you aint got money get the fuck back
matter fact you should pay me
you mufuckers is crazy
thinking ima do this shit for free
now watch me fuck you ladies
minnesota where that smack kills
seen it all at my dads crib
turnt out for that good mouth
they bust down for that wood thrill
eeiney mini minnie hoe
catch a female by the toe
if she hollers give her more
im loving this scenario

(verse 2)
popped this vicodin
and im woozy now
got this music on
so im zoning out
what is coglitore becoming now
my realest thoughts are coming out
you know the kid never dreamed of this
just chasing happiness and getting rich
got these bitches begging to come to the crib
and since natty left i donâ€™t give a shit
i let em play let em dance around
the kid throw the bombest bash in town
yo ariana come hold me down
cuz thats â€œthe wayâ€• i feel right now
cuz why be lonely with all this
knock her up for a few kids
doubled money with one hit
fake love with one kiss

(verse 3)

wanna roll but donâ€™t know how to act
where was you when i was skipping class
you screwed up, chuck the deuce up
you mad now cuz i donâ€™t want that ass
but its always worth it if you learn something
so hold your horses your turns coming
truth hurts but delusion kills
and got damn you got sex appeal
but time moves in one direction
so its bout time you get ta stepping
the dream is free but the work will cost ya
and all these snakes will double cross ya
its chaos just face it dumb bitch you basic
you think my heart is make shift to give you my creation
