

# Another Beginning

## Joshua Radin

Lately I've been sitting around  
Killing time  
Staring at faces going blind  
Like I'm waiting for a sign  
To come find me  
Somebody told me long ago  
What I feel I got to show  
And 'til everybody knows  
what I have inside me  
So I hope you know  
There's more of me than I show  
But I just need another beginning  
I need you to know  
I'll get there  
I just started slowly  
Now nothing can hold me  
When I was just a younger man  
I was made to understand  
If you believe it  
You can  
So I wanna believe  
In all the thing that you see  
And finally be free  
Who I used to be  
So I hope you know  
There's more of me than I show  
But I just need another beginning  
I need you to know  
I'll get there  
I just started slowly  
Now nothing can hold me  
And I'm holding on  
I'm still holding on  
Cause I could never go without you  
So I hope you know  
There's more of me than I show  
But I just need another beginning  
I need you to know  
I'll get there  
I just started slowly  
Now nothing can hold me  
Now nothing can hold me
