

Head Over Heels (feat. Nas)

Allure

Yeah, The Firm
Track Masters, Escobar, Allure
Keep it raw Hey yo, The Bridge, keep rockin'
We comin' through, bottles poppin'
Allure, when your album droppin'
The place is packed Many faces, there's some I know
And some know me from buying cases
Cash stacks, shorties peepin'
Is she Puerto Rican or half black Puff, puff give, I need to live
Please pass that so I can zone
Maybe shoot a jewel in baby girl dome
It's a crazy world, lemme drive you home, let's go By the way, the name's Esco
The platinum range make your man know
We wet those, if he front I got the tech close
To you much respect goes for going through
Had to put it on you, Allure you
You gotta leave, I'll call you, it's been real Boy, I can't understand it
See I never really felt like I do
When I'm around you, baby
And I just can't explain it
But I'm feeling so high
And I just can't deny it's on you Tell me you want my love
Baby, please don't deny
What you're feelin' inside
Say you've been thinkin' of
Holdin' me, touchin' me, feelin' my every need Head over heels, it seems so real
I feel like I'm falling in love
I'm lost inside of my desire
Oh baby, can't you see
I'm falling for ya head over heels Baby, baby I'm longin'
Just to have you to myself
I don't want nobody else, no
Baby, my body's calling
Won't you come, get my love
Because I really need you so much Tell me you want my love
Baby, please don't deny
What you're feelin' inside
Say you've been thinkin' of
Holdin' me, touchin' me, feelin' my every need So much in common, I know you like the way I act

You been around real cats, all your life, since way back
You still got it 'cuz you was turned out once
Guess you learned, ain't no future with them burnt out stunts
Left the hood to get your own thing, we're home
team
Pushing through, watch ya chrome gleam
Yeah aight, you probably heard that my pipe gained tight
Rocking V V S stones Powder blue whips with egg headlights
Center weed gettin' all in your weave, I put out the trees
And crack the moon roof only for you to breathe
You get a extra set of keys, I tell the world while I'm out on tour
Keep your hands off my girl's AllureBaby, can't you see
How you make me feel
Oh baby, can't you see
I'm falling for you head over heelsIt seems so real
I feel like I'm falling in love
I'm lost inside of my desire
Oh baby, can't you see
I'm falling for you head over heelsIt seems so real
I feel like I'm falling in love
I'm lost inside of my desire
Oh baby, can't you see
I'm falling for you head over heelsIt seems so real
I feel like I'm falling in love
I'm lost inside of my desire
Oh baby, can't you see
I'm falling for you head over heels
