Swallow Me

leah andreone

Crawl on my tongue
Breathe your life in my lungs
Dig in my ear
That's your voice that you hearPick through my mind
You could use a surprise
Unlike the sun that sets
I'm gonna watch you riseDo you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)Do you want, do you need, do you crave?
Nobody will see
(Swallow me)Do you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)There's bits of you
Stuck all over me
I dust my body
It's your prints that I seeI'd wash your feet
With the wine from my mouth
You can end the famine
Baby, I'll end the droughtDo you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)Do you want, do you need, do you crave?
Nobody will see
(Swallow me)Do you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)Do you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)Do you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)Do you want, do you need, do you crave?
Nobody will see
(Swallow me)Do you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)Do you want, do you need, do you crave?
I'm begging you to drink
(Swallow me)Swallow me
