

Satellites (Act iii)

Crown the Empire

Am I too desperate?
Too caught up in all the noise?
Do I mean nothing?
Another angry voice?
Did I even have a choice?
Did I only make things worse?
Am I just another angry voice? But then I hear their hearts sing
(ayy ayy oh ayy oh ayy oh ayy oh ayy ayy oh ayy ohh)
But then I hear their hearts sing
(ayy ayy oh ayy oh ayy oh ayy oh ayy ayy oh ayy ayy ohh)
Will you remember me after the lights go out?
Will you remember me after the sun goes down?
Will you remember me after the lights go out?
Will you remember me after the sun goes down and down and down? And when I'm worried can I
Look up to the satellites and hear them call your name
Then I'll know
I can't be the only star in the world that's trying to burn.
So look up to the satellites and hear them call your name
They're singing
Ayy ayy oh ayy oh ayy oh ayy oh ayy ayy oh ayy ayy oh
And I'll know that I'm never alone
Ayy ayy oh ayy oh ayy oh ayy ayy oh ayy ayy oh
