

# Did You Miss Me

[Lindsey Buckingham](#)

I took a trip out of town  
A hundred years underground  
Had to swim  
Across the sea  
Oh, when you were my baby Oh, Did you miss me in the morning?  
Did you miss me in the evening?  
When everyone is bound to dream...  
And did you run where the wind blows?  
Did you ever go where I didn't know?  
Oh baby did you miss me? A hundred years out of town  
It's not so long, so I found  
Just long enough to get free  
Oh when you were my baby Oh, Did you miss me in the morning?  
Did you miss me in the evening?  
When everyone is bound to dream...  
And did you run where the wind blows?  
Did you ever go where I didn't know?  
Oh baby did you miss me? Look at us now  
The years fall down  
Show me how Check it out hear the sound  
All these walls  
Are coming down  
That's just you  
That's just me  
Oh when you were by baby Oh, Did you miss me in the morning?  
Did you miss me in the evening?  
When everyone is bound to dream...  
And did you run where the wind blows?  
Did you ever go where I didn't know?  
Oh baby did you miss me?
