

# Shape

## Glasser

I live on the beach  
Water surrounding me  
And it's got too deep  
I let it get too deep My home has no shape  
Nothing to sustain me  
But it keeps me safe  
From imagined pain In the dim light of the truth all you can do is bow The walls often change  
Undo and displace me  
But I know I'll stay  
Can't ever get away
