Goodnight And Goodbye

48May

This has been a walk in the park
I feel like we have fallen apart
Open up your eyes here and see
How [Incomprehensible] foolish love can beHold on tight, it's a roller-coaster ride we're on
So, say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbyeLa, la, la, la, la, la, la, la, laYou say, you didn't mean to break
[Incomprehensible] but I'm all aware
I did to you and all your games
And all your crazy fans, this is the endHold on tight, it's a roller-coaster ride we're on
So, say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbyeLa, la, la, la, la, la, la, la, la, la, la, laWell girl, I'm sorry for disappointing you
But I'm done with being up and down and pushed around
No moreHold on tight, it's a roller-coaster ride we're on
So, say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbyeHold on tight, it's a roller-coaster ride we're on
Say goodbye, 'cause we won't be back again
Up and down, you're all around
Say, goodnight and goodbye
