Fat Freddy's Drop

There's something natural in the way you touch me
It's a feeling that I can't describe
Something mystic in that soul connection
Something magic in your misty eyesDon't you say that it's all the same
Don't you say that it's all the same, no
'cos there's something that I can't explain, 'bout this
Something that I can't explain, yeah yeahI can't explain
Oh no ooh
Hey, yeahBefore the night is over
I wanna shake the question
I wanna leave it for now
Without another mention
We should be letting go
Instead of holding on
But in the eye in my mind
The mystery is bornNo use in looking further
You know it isn't there
And you can stare all you want
The answers won't appear
Try to find it but I lose myself
I lose myself in you
I said, I lose myself in you
Yes, I lose myself in you
Yeah, I lose myself in youBreathe easy lovers
Breathe easy lovers
Breathe easy lovers
Breathe easy lovers
Breathe easyI know you're only wasting time
Breathe easy
Questioning between the lines
Breathe easy
Feeling knows no name
It is, what it is, and there's no explaining
What it is, what it is, yeah yeah eah
There's something natural in the way you touch me
It's a feeling that I can't describe
Something mystic in that soul connection
Something magic in your misty eyesDon't you say that it's all the same
Don't you say that it's all the same, no

'Cause there's something that I can't explain, 'bout this
Something that I can't explain, yeah yeah
