Red Rising

Red.Was.Here

I'm gunna make you
never gunna stop you
gunna trust you
never gunna fuck you
all these things are never gunna stop me
all these things are never gunna make me
everything is happening so fast
i just can't control this painWanna take you there and make you feel like nothing now
im gunna (go)
Gunna (go)
Gunna (go)
Gunna show you all
Well its not what you said
and its not what you think
but everything just makes me sick
Im gunna (go)
Gunna (go)
Gunna (go)
Gunna show you allEverything makes me so sick
Everything makes me so sick
Everything makes me so sickWanna take you there and make you feel like nothing now
im gunna (go)
Gunna (go)
Gunna (go)
Gunna show you all
Well its not what you said
and its not what you think
but everything just makes me sick
Im gunna (go)
Gunna (go)
Gunna (go)
Gunna show you all
