

# Wrong (Prod. By Ryan Hemsworth)

Tinashe

I'm braver  
Look at you  
Do you even know who you are?  
Do you even know what's true?  
You know you're wrong  
You know you're wrong  
You know you're wrong  
So fuckin' wrong, you're so damn wrong  
You did me wrong  
And you do it again, and you do it and you do it again  
And you do it again, I let you do it, let you do it again  
You did me wrong  
And you do it again, and you do it and you do it again  
And you do it again, I let you do it, let you do it again  
I'm still in love with you  
I'm still in love with you  
You're wrong, you're wrong, you're wrong  
I swear one day, one day I will be gone  
You're fuckin' wrong  
Wake up inside of my castle  
I banish you from my heart  
I do not care if you love me  
You know you're wrong from the start  
Wake up and I get the money  
The money come every day  
And it still feels like your lovin'  
Ten billion dollars away  
Ten billion dollars away  
Ten billion dollars away  
I'm braver  
Look at you  
Do you even know who you are?  
I don't recognize you, only in the dark  
Don't know you're wrong  
But I wanted it  
So good that it hurts  
It's hard to resist that body  
You evicted me  
That strip from your lips, it hurts me to see  
You accepted it, disrespected it

Now I wanna leave, but secretly I'm still in love with you  
I'm still in love with you  
You're wrong, you're wrong, you're wrong  
I swear one day, one day I will be gone  
You're fuckin' wrong Wake up inside of my castle  
I banish you from my heart  
I do not care if you love me  
You know you're wrong from the start  
Wake up and I get the money  
The money come every day  
And it still feels like your lovin'  
Ten billion dollars away (You're fuckin' wrong)  
Wake up inside of my castle  
I banish you from my heart (You know you're wrong)  
I do not care if you love me  
You know you're wrong from the start (You know you're wrong)  
Wake up and I get the money  
The money come every day (You know you're wrong)  
And it still feels like your lovin' (So fuckin' wrong)  
Ten billion dollars away  
Ten billion dollars away  
Ten billion dollars away
