Gotta Be Somebody

Bucky Covington

This time I wonder what it feels like
To find the one in this life
The one we all dream of
But dreams just aren't enough
So Ill be waiting for the real thing.
I know it by the feeling.
The moment when were meeting
Will play out like a scene straight off the silver screen
So I`ll be holdin' my breath
Right up to the end
Until that moment when
I find the one that I spend forever with`Cause nobody wants to be the last one there.
'Cause everyone wants to feel like someone cares.
Someone to love with my life in their hands.
There`s gotta be somebody for me like that.`Cause nobody wants to go it on their own
And everyone wants to know theyre not alone.
Somebody else that feels the same somewhere.
There`s gotta be somebody for me out there.Tonight out on the street out in the moonlight
And damn it this feels too right
Its just like Dj Vu
Me standin' here with you
So Ill be holdin`my breath
Could this be the end?
Is it that moment when
I find the one that I spend forever with?'Cause nobody wants to be the last one there
'Cause everyone wants to feel like someone cares.
Someone to love with my life in their hands.
Theres gotta be somebody for me like that.`Cause nobody wants to go it on their own
And everyone wants to know theyre not alone.
Is there somebody else that feels the same somewhere?
There`s gotta be somebody for me out there.You cant give up!
Lookin for that diamond in the rough
Because you never know when it shows up
Make sure youre holdin` on
'Cause it could be the one, the one youre waiting on'Cause nobody wants to be the last one there.
'Cause everyone wants to feel like someone cares.
Someone to love with my life in their hands.
There has gotta be somebody for me
Ohhhhhh.Nobody wants to go it on their own

And everyone wants to know theyre not alone.
Is there somebody else that feels the same somewhere?
There `s gotta be somebody for me out there.Nobody wants to be the last one there
And everyone wants to feel like someone cares.
Is there somebody else that feels the same somewhere?
There has gotta be somebody for me out there.
