

You Are

Pearl Jam

This broken wheel is coming undone
And the road is exploding
But you're keeping me strong
Rolling along with you
Love is a tower, and you're the key
Leading me higher when you let me in

Keeping us close, so close
On down the line

Sometimes I burn like a dot on the sun
With no one knowing
But you're keeping me strong
Moving along with you

You are a tower of strength to me
The darkening hour sees light again, again

Ooh wah, ooh wah, ooh wah, ooh wah, ooh wah
Ooh wah, ooh wah, you are, you are

Love is a tower of strength to me
I am the shoreline but you're the sea, the sea
You Are
