Geno

Wicht

You walk by with your casual smile
And it hangs with me for a little while
If you ask me there's no doubt
The whole world is missing out
You walk by with your casual sly ways
Easing me in an endless dream
If you ask me there's no doubt
The whole world is missing out
And I know, if the world were crying out
You wouldn't have a doubt, in your head
And I know, if the world were standing there
You wouldn't have a care in your head, it's all for me
In my head, it's all for me

You fly by with your casual sly looks
Easing me from a magazine
If you ask me there's no doubt
The whole world is missing out
And I know, if the world were crying out
You wouldn't have a doubt, in your head
And I know, if the world were standing there
You wouldn't have a care in your head, it's all for me
In my head, it's all for me
And I know, if the world were crying out
You wouldn't have a doubt in your head, it's all for me
