

Be Faithful

Lemar

I've got a new house with much room
Got a lonely heart that needs you
I've got two cars, I can only drive one
Material things that can't replace your touch
If you wanna come
The only thing you really gotta bring is true love
I give you my word, I'm a man you can trust
Everything that's now mine will become ours
My house is your home, you can come and go
As long as I know that you're faithful
What's mine is yours, you can have it all
Come sail the world, own all that you see
Just be faithful to me
Wanna take you to a snow covered mountain
So cold but the sun's still shining
So many wonders we can both see
Hoping you're the one, who'll share the memories
If you wanna come
Everybody wins if you bring true love
Hold my hand through snow and then run
Side by side when the times get tough
My house is your home, you can come and go
As long as I know that you're faithful
What's mine is yours, you can have it all
Come sail the world, own all that you see
Just be faithful to me

Every night and every day, every promise ever made
I wanna share it all with you, just say that you'll be true
Every breath you ever take, every child you ever name
I wanna be there for you, be faithful
My house is your home, you can come and go
As long as I know that you're faithful
What's mine is yours, you can have it all
Come sail the world, own all that you see
Just be faithful to me
I promise you, I'll be faithful
I lay it all on the table
You know that I am more than able

Just be faithful to me
My house is your home, you can come and go
As long as I know that you're faithful
What's mine is yours, you can have it all
Come sail the world, own all that you see

Just be faithful to me
I promise you, I'll be faithful
I lay it all on the table
You know that I am more than able

Just be faithful to me
I promise you, I'll be faithful
I lay it all on the table
You know that I am more than able
Just be faithful to me
