

Love Is a Dog from Hell

Theodore

Take a walk to somewhere
You see she is waiting there
Dance below the sea
And sing above the sky You know this is not for your own good
But it seems that you're dying to regret Love is a dog from hell Before you leave this island
Don't forget to shout
I am in love with this cruel place
And heaven will stop to exist You know this is not for your own good
You feel it burns like hell Love is a dog from hell
