

# Sacred (Chris Cox Remix)

## Erasure

We close our eyes and fantasize  
To see what dreams will come alive  
Our created energy runs through  
When we connect our consciousness  
Make our love the guiding light  
And I am met in every part of you Never feel that you're alone  
Hold on tight and I'll be strong  
In spite of all the things we've done  
Our love is all Sacred  
Whoa, whoa, whoa  
Sacred  
Whoa, whoa, whoa We pray for love and deeper meaning  
Holding our emotions in  
But only keep us prisoners inside  
We let our minds and hearts release us  
Pure intentions sets us free  
And there is nowhere left for us to hide Never feel that you're alone  
Hold on tight and I'll be strong  
In spite of all the things we've done  
Our love is all Sacred like a thousand stars  
Sacred when I'm in your arms  
Oh you keep me safe from harm  
Our love is all This is all we have in the end  
All we have in the end Sacred  
Whoa, whoa, whoa Never feel that you're alone  
Hold on tight and I'll be strong  
In spite of all the things we've done  
Our love is all Sacred like a thousand stars  
Sacred when I'm in your arms  
Oh you keep me safe from harm  
Our love is all Sacred
