

Rockstar

Jimmy Eat World

Where you're hidin', the shine off the wall
Jus' stop givin' it up now
'Cause you're gonna find yourself a mastermind in time
Rockstar, what's mine is yours
Rockstar, you're lookin' good
You're lookin' to find a fight
I'm the stranger here, you know
Can't you understand
That things always work out my way, today?
Rockstar, what's mine is yours
Rockstar, you're lookin' good
You're lookin' to find a fight
Rockstar, rockstar
Get off my battlefield
You could not take it back from me
It's all the way on top
Cannot take a longer way
Get off my battlefield
Could not take it back from you
It's all the way on top
Cannot take a longer way
That it's all
(All)
(It's all)
It's all
Can't fall away
Aback
(Back, it's all)
Runnin' back
