

# Rock Me Baby

Otis Redding

You can rock me baby  
You can rock me all night long  
Rock me baby, rock me baby, rock me baby, huh  
Little girl, you can rock me all night long, now oh, now  
Just keep on rockin' me little girl, girl  
Honey 'till my back ain't got no bone, yeah, huh Roll me, baby, ha  
Roll me like a wagon wheel, now, huh  
Keep on rollin', rollin', rollin' me baby  
Just like they roll a wagon wheel, now oh my, oh my Because when you throw the roll little girl, huh  
Baby, you just don't know how good you make me feel, now oh  
Yeah, play the blues Steve Keep on rocking me baby, ha, good rockin'  
Baby rock me, rock me so, now  
Keep on rockin' me, baby, keep rockin' me, keep rockin' me Baby you know how to rock me so, now oh my  
I want you to just keep on rocking me babe  
Rock me babe, rock me  
'Til I just can't take it no more, oh my I want you to rock, rock, rock, rock me babe  
Rock me babe, rock me babe, rock me babe  
You don't know what I need  
I want you to keep rocking me You don't know what I want  
I want you to keep rocking me  
Everything I love  
I want you to keep rocking  
Give it, give it, give it to me baby...
