

Flawed Beautiful Creatures (Summer Version)

[Stacy Barthe](#)

Sometimes we're insecure
We're fragile sometimes
We laugh at each other
To make ourselves feel better Sometimes we laugh
Sometimes we say things
That we really don't mean
But in the moment
Seems like the thing to do We're all flawed beautiful people
We're all flawed beautiful creatures
We're all flawed beautiful people
We're all flawed beautiful creatures Is it a crime if a man kills
To protect his own from harm's way
Who are we to judge anyway
What have you have done
If the gun was in your hands Your feet were in his shoes
Guess you'll never know what you'll do
'Cause in the moment
Might seem like the thing to do We're all flawed beautiful people
We're all flawed beautiful creatures
We're all flawed beautiful people
We're all flawed beautiful creatures Sometimes we gotta lose it to find it
We gotta lose sometimes
We win, we live then we gotta die We're all flawed beautiful people
We're all flawed beautiful creatures
We're all flawed beautiful people
We're all flawed beautiful creatures
