These niggas saying they balling, but look like they need a donation  
They see me spend what they making  
One night, they whole life savings  
It's like every every day is a party, my life's a fucking vacation  
And I don't know my neighbors  
Cause my property is on acres  
My safe look like Vegas

Got my eyes looking like Asian's  
Look in my pots, Caucasian  
Look under it and it's flaming  
Y'all niggas know what I'm baking  
Bitch I be so far gone, On Star can't find my location  
Go ahead try to pull my card nigga, all I'm holding is aces

[Hook: Juelz Santana]

Somebody tell the DJ to turn it up  
Big face Rollie's all across the board  
Call a fucking doctor, boy we acting dumb  
Foreign whip, half a ticket, now it's lit  
Big racks in my pocket, shawty on that molly  
Tell that bitch we rolling, it is my party  
It's my party, I get fly if I want to  
It's my party, bitch I do what I want to

[Verse 2: Lloyd Banks]

Aye yo I'm big whippin' foreign  
Sick zips, no hearing

Statue lit, bitch I'm chilling  
He rush when I'm in the building  
I'm crushing what I am wearing  
They fussing like I am caring  
I'm busting like a McLaren  
They say I'm the life of the party  
I came to pick out a target  
This shit here, I'm on the hold list  
Phone list, shamballa  
I get her going, she won't wanna leave  
By midnight, I'm on number three  
They all know they ain't number one  
By ten, by twenty, they come to me  
Bring the lay's, no limit  
Money drop from the ceiling  
I'm all the players in spirit  
She voluneteered, no stealing  
Hoes down, G's up  
I'm foreign V-keyed up  
I'm drunk on grape, we stuck  
I'm dumb good, don't need luck
