

Judy

Hoagie Carmichael

Judy has her own desire
She wants to step into your fire
She wants you tangled in her web
She wants the flame never to tire
 She's wanting
 She's tripping
 And she's falling
 Can you catch her?
 Now she's calling
 Can you hear her?
 She's falling down
Judy wants to love so much
Can it release her from her hurt?
Judy's dreaming of your touch
She'll smother you till it's too much
 She's wanting
 She's tripping
 And she's falling
 Can you catch her?
 Now she's calling
 Can you hear her?
 She's falling down
 She's falling down
She wants to drown
 Within your heart
 She'll never part
 She's falling down
