

# Here We Come

## Mondo Generator

Here we come  
We're coming to get ya  
Here we come  
Oh rightHow dare you contradict me  
Why you contradicting me?  
Don't think that I'm losing friction  
I move inaudiblyHere we come  
We're coming to get ya  
Here we come  
Oh rightEleven to one dome top pistions  
Massive racing track four on the floor  
I got pazzo rear traction  
Real fast man for my satisfaction
