

# Wings

## Hawkwind

I could see their dying note  
In the sky that is so old  
I remember where they once flew  
Where they sang to the morning dew  
Now their wings are soaked in oil  
Caged wings that can't unfurl  
No longer do we hear them sing  
No longer do we hear the fluttering  
Of wings  
Underneath the iron bird  
Their song cannot be heard  
Above the human sound  
Above the poisoned ground
