Kt Mulholland

And if we had something to say  
We could have said it  
Instead of looking away  
And if we had of felt some kind of way  
We could of said it  
Instead of afraid

But weâ€™re not perfect  
Weâ€™re no saints  
We get by  
We might deserve it  
But isnâ€™t it strange  
How we get by

I love you  
So if you love me too  
Tell me what do I do  
To make you mine

Its sitting right in front of our face  
We couldnâ€™t hide it  
Hard as we try  
Alone in our own outer space  
Two ships in the night  
Passing on by  
But weâ€™re no angels  
Weâ€™re sure not strangers  
To living this life  
We play the angles  
And flirt with danger  
Just to get by

I love you  
So if you love me too  
Tell me what do I do  
To make you mine

Can you help me  
Can you help me  
Can you help me find my way to you?

I gotta find  
Gotta find  
Gotta find my way back home to you  
Can you help me  
Can you help me  
Can you help me find my way to you?  
I gotta find  
Gotta find  
Gotta find my way back home to you

I love you  
So if you love me too  
Tell me what do I do  
To make you mine
